

ICS 201 – Incident Briefing Form	The ICS 201 – Incident Briefing Form is most often used by the initial Incident Commander and is a four-sheet document that allows for the capture of vital incident command and control information prior to the implementation of the formal planning process. This form allows for a concise and complete transition of Command briefing to an incoming new Incident Commander. In addition, this form may serve as the full extent of incident command and control documentation if the situation is resolved by the initial response resources and organization. This form is designed to be transferred easily to the members of the Command and General Staff as they arrive and begin work. It is not included as a part of the formal written Incident Action Plan.
ICS 202 – Incident Objectives	The ICS 202 – Incident Objectives serves as the first page of a written IAP. It includes incident information, a listing of the Incident Commander's Objectives for the Operational Period, pertinent weather information, a general safety message, and a table of contents for the plan. Signature Blocks are provided.
ICS 203 – Organizational Assignment List	The ICS 203 – Organizational Assignment List is typically the second page of the IAP and provides a full accounting of incident management and supervisory staff for that Operational Period.
ICS 204 – Division/Group Assignment List	The ICS 204 – Division/Group Assignment List is included in multiples based on the organizational structure of the Operations Section for the Operational Period. Each Division or Group will have its own page. This page will list who is supervising the Division or Group to include Branch Director if assigned. It will also list the specific assigned resources with leader name and number of personnel assigned to each resource. This document then describes in detail the specific actions that that Division or Group will be taking in support of the overall incident objectives. Any special instruction will be included as well as the elements of the communication plan that applies to that Division or Group.
ICS 205 – Incident Communications Plan	The ICS 205 – Incident Communications Plan depicts the entire communications plan for the incident.
